MISSOURI HEARTS COME HIGH.

ST. LOUIS, July 11.—Miss Laura M. Ashdown, a St. Louis society belle and niece of ex-Congressman Stone, has filed a breach of promise suit for $50,000 at Kansas City against E. F. Allen, son of a wealthy Kansas City man. Tuesday night Allen was married to Julia Riddle, daughter of ex-Congressman Riddle, of Tennessee.

An Indiana Embezzler.

LEBANON, Ind., July 11.—B. J. Millican, of Madison, Ind., was arrested and brought to this city yesterday on an indictment, charging him with embezzlement. He is an employe of the New York Mutual Life Insurance company, and formerly worked for that company in this county. He gave bond for his appearance in court.

Building Wrecked.

ST. LOUIS, July 11.—This morning, while workmen were repairing the interior of the old postoffice and custom house building in this city, the floors gave way and fell to the ground. The inside of the building is a complete ruin. No one was injured. Loss about $5,000.

Absorbed by the Sugar Trust.

BROOKLYN, July 11.—Four breweries, owned by Messrs. Oches, Freese, Wilz and Zerwich & Seltz, have consolidated. The capital of the new corporation is $3,000,000. The company will purchase breweries on a plan somewhat similar to the English syndicate.

Ex-Policeman Jim Sheridan's career in the mail service was brief. He was sent out to learn a route in the Sixth ward yesterday afternoon and this morning he was informed that he could not be used.

BURKE'S CASE!

His Extradition Will Not be Granted Unless the Charge is Proved—Money For His Counsel.

OTTAWA, July 11.—An officer of the justice department said to your correspondent last evening that it was not the intention of the minister of justice to grant a warrant for the extradition of Burke unless the charge is already clearly proved. Sir John Thompson is very much opposed to grant a warrant for extradition upon purely circumstantial evidence. The application for a warrant in Burke's case will be considered in a few days as soon as copies of the evidence taken at the trial have been received.

WINNIPEG, Man., July 11.—Isaac Campbell, Burkes' counsel, was approached this morning by some Protestant and Catholic Irishmen, who promised to subscribe a small defense fund for Burke, if he would not abandon the case at present.

Mr. Campbell said he felt disinclined to throw up the sponge at this stage, but he could not afford to spend his own money in defending the prisoner. He will take a few days to consider whether or not he will enter an appeal against Burke's commitment for extradition.

TWO FIRES.

Chicago Visited by the Flames—Firemen Overcome by the Heat.

CHICAGO, July 11.—A fire in the top story of the Anglo-American provision company's warehouse, at the corner of Fortieth street and Packers avenue, shortly before 12 o'clock this morning caused a loss of about $25,000 to the firm. Several of the firemen were almost suffocated. Six were overcome by the smoke and it is not improbable that two of them will die. The victims are: Fire Marshal Turney, of Lake; Captain Elliott, of Lake; Lieutenant Kenny, of City engine company, No. 29, of Chicago; William Gormon and Isaac Simmons, city firemen and a pipemen, whose name could not be learned. Lieutenant Kenny and Captain Elliott are said to be in a very critical condition. When taken from the burning building they were unconscious. But for the prompt action of the other fireman the men who were overcome would have died in the building.

CHICAGO, July 11.—The long low building at the southeast corner of Canal and Polk streets, occupied by five different firms in the manufacture of parlor furniture, etc., was partially, and the stocks of the firms almost totally destroyed by fire last night. The total loss foots up $10,000. The principal losers are the Chicago Parlor Suit company, Adolph Hausske and Hogler Reese. The fire originated in the boiler room.

DESTROYING THE CROPS.

An Enemy to the Potato Crop Appears in Wisconsin.

PALMYRIA, Wis., July 11.—The "Green Midge" and what is thought to be the "Hessian Fly," which some thirty years ago destroyed everything in this vicinity, have this week appeared in myriads, destroying everything infested by them. Whole acres of potato vines are dead from the ravages, and farmers a few miles north of here are burning their grain fields. Thus far the cornfields escape. The present outlook is very discouraging and farmers are despondent.

FOREIGN NEWS.

The News of the Old World as Received by Cable.

CAIRO, July 10.—General Grenefell, who has arrived in Ashuan, reports that the Sheiks have expressed thorough loyalty to the Egyptians. The Egyptians have occupied Benian, in which vicinity the Dervishes are very aggressive. The Shaggiehs, who are friendly, killed thirty Dervishes in an engagement at Serria and eleven Dervish foragers were killed by the Egyptian pickets.

A Defaulting Treasurer.

NEW ROCKFORD, Dak., July 11.—Josephs Bolock, for three years treasurer of Tomlinson school district, started for the Canada line yesterday afternoon, with the sheriff hot on his trail. Bolock was to have settled with his successor yesterday, and being short, drew from the bank what money there was to the credit of the school district and left.

Three Men Drowned.

KILLBOURNE CITY, Wis., July 10.—Gustave, John and Emil Plettig, of Chicago, were drowned yesterday morning, while trying to run the dam in a row boat.

CHEAP BOOKS ASSURED.

The Indiana School Book Company Secures a Contract After a Bitter Fight.

The Indiana School Book company was yesterday awarded the contract for school text books save alone the spellers and copy books.

After the contract for furnishing books had been let, the Hon. R. C. Bell, of this city, attorney for the Indiana company, stated that it would carry out its contract in the best of faith and would take no advantage of technicalities or legal quibbles. He asked that sixty days be allowed the completion of the bond. This morning the committee of the board, with Mr. Bell and Attorney General Michener, met to approve the form of contract and bond. This committee consisted of Governor Hovey, Superintendent LaFollette and Superintendent Jones.

Last evening Messrs. Parsons and Jones, the committee on geographies, met with Mr. Hawkins of the Indiana company. It was agreed that the Indiana chapters of the elementary and completed geographies shall be prepared by Mr. Jacob P. Dunn, the state librarian. These books will be furnished with a complete new map of the state and will contain, among others, illustrations of the main building of Purdue university, the state house, soldiers' monument, library building of the state university at Bloomington, the new normal school at Terre Haute and of a natural gas display in the "belt." In the map the gas and coal fields will be clearly defined and much valuable information concerning them will be printed.

This is the beginning of the end of the fight against the school book monopoly. Such men as Josephus Collett, D. J. Mackey, William Heilman, E. P. Huston, William Fleming, R. C. Bell, James Murdock, Edward Hawkins and Messrs. Bowen and Merrill are entirely reputable and responsible.

As an illustratson of the saving to the people of Indiana by the action of the text book commissioners, it may be noted that the complete geography furnished by the Indiana company, and which the resolutions of the commissioners say is "fully equal in size and quality as to material, matter, style of binding and mechanical execution to the eclectic," will sell for 75 cents, while the eclectic, which it succeeds, sells for $1.65—a saving of 90 cents on each.

PETER RUDOLPH PICKEL.

The Young New Haven Poet Replies to the Charge of Plagarism Made Against Him.

An editorial appeared in the *Daily News* the other day in which it was intimated that Mr. Peter Rudolph Pickel, the young New Haven poet, whose contributions have frequently appeared in the city papers, was guilty of plagarism, in his recently published poems, entitled "No Cross, No Crown" and "Weary," and THE SENTINEL, in its issue last evening, gave publicity to the charges of the *News*.

Mr. Pickel called at this office to-day to deny the charges of plagarism made against him. He says the poem "No Cross, No Crown," was originally written by himself, and read by him on May 10, 1888, before the Methodist Ministerial conference, which was held at New York city. A medal was offered by that body for the best original poem. Mr. Pickel won the honor and now wears the handsome medal, which he exhibited this morning.

The poem was published twe days afterwards in the New York *Mail and Express*, and afterwards appeared in several other papers.

The other poem, "Weary," Mr. Pickel says, was written by himself four years ago, while he was in the employ of Mr. Thomas Hamilton, at New Haven, and was originally published in THE SENTINEL at the time. Both poems were copied by other papers, the latter production appearing in the Chicago papers on several occasions.

Mr. Pickel has the look of a poet, and is, without doubt, a talented young man. THE SENTINEL will publish one of his beautiful poetical contributions in its Saturday's issue.

Death of an Ex-Congressman.

ST. PAUL, Minn., July 11.—Edmund Rice, ex-congressman from the Fourth district of Minnesota, after an illness of a week's duration, died at White Bear this morning at 6:20 o'clock. He was seventy-one years old. Death was caused by paralysis of the brain.

The Weather.

WASHINGTON, July 11.—Indiana—Fair, slightly warmer, easterly winds.

STRIKING MINERS!

Exciting Times Among the Iron and Steel Workers in Pennsylvania—The Illinois Miners.

PITTSBURG, Pa., July 11.—Reports from Homestead are that the excitement is at fever heat among the strikers today, and that many acts of violence were committed this morning. On arrival of the 9 o'clock train from Pittsburg, it was surrounded by the sentries of the strikers. One car was filled with workmen bound for the Homstead mill. The men in the car became alarmed and tried to get off the train.

Both car doors were locked and they made a rush for the windows, and, although by this time the train was under headway, four of them climbed out. Over 2,000 of the strikers lined the tracks between Munhall and Homestead, and by yelling, encouraged those near the mill to prevent the strangers from entering the yard.

As the train neared the works the car in which the new men were confined was attacked by a volley of stones and clinkers thrown by the strikers. Windows were broken and several of the occupants of the car were hit about the heads.

One man received a terrible cut below his eye. When the car door was opened the terrorized occupants ran to the hill and escaped. One or two were caught and badly used up. Only three of the forty men in the car succeeded in reaching the mill.

Sheriff McCandlers, who witnessed the proceedings, came to the city and will take a large force of deputies to the works this afternoon. It is reported at Homestead that a boat-load of workmen will reach that place this afternoon.

Wm. Martin, of the amalagated association of iron and steel workers, has established headquarters in Homestead and will take charge of directing the strike. He has sent committees north, east and west to warn all iron and steel workers to stay away from Homestead.

BRAIDWOOD, Ill., July 11.—About seventy-five miners in Godley, three miles southeast of here, have signed contracts with the coal company and will resume digging Monday morning. Twenty-five deputy sheriffs will be on duty to protect them if necessary. It is thought that many more men are also willing and anxious to resume mining at the prices offered at the beginning of the strike.

STREATOR, Ill., July 11.—A mass meeting of the Streator miners was held yesterday to consider a proposition for a secret ballot. It was voted down as before. It was reported that No. 2 shaft of the Chicago, Wilmington and Vermillion coal company, was about to begin work with machines at reduced prices. A committee of five was appointed to reason with the machine miners, but they strongly discountenanced any raid of the strikers on the shaft, and advised everybody to keep away from the grounds altogether. The committee from the Coal Run company's mines reported that the arbitration papers had been agreed upon and signed and that they were entirely satisfactory to both parties. The arbitration will be announced next Monday.

NO NINTH HUSBAND.

Married and Divorced Eight Times, She Refuses No. 9, and he Attacks Her With a Hatchet.

SHELBYVILLE, Ind., July 11.—Mrs. Mollie Corvin, whose matrimonial experiences have made her notorious, she having been married and divorced eight times, now lies at her home in this city dangerously wounded, her wounds having been inflicted at a late hour Tuesday night by Charles Suttles, because she refused to make him her ninth husband. Suttles has been a suitor for her hand for the past two years and she got a divorce from her seventh husband to marry him, but having a lovers' quarrel with Suttles she married another man. They afterwards made up and she secured another divorce and Suttles renewed his suit. Another quarrel arose between them and Suttles secured an entrance into her room Tuesday night and asked her to marry him. Upon her refusal he drew a hatchet from under his coat and cut three terrible gashes in her head, severing one ear from her head, chopping her right hand to pieces and sinking the blade in her right shoulder.

CHIEF JUSTICE FULLER.

He is in Chicago to Dispose of a Number of Law Cases.

CHICAGO, July 11.—Chief Justice Fuller arrived here yesterday afternoon and is stopping at the Palmer. Last evening the chief justice, in company with Erskine Phelps, attended the Thomas concert at the Exposition building.

The chief justice stated to a reporter that he was here to attend to the supreme court docket and try cases before that court and that he would likely remain several weeks. He will be in Judge Gresham's court room to-day to call the calendar of appeals in several bankrupt and other cases which have been prepared for his disposal.

THE UNEXPECTED COMES.

Mr. John Greer, a Carpenter, Badly Injured—Another Accident.

Yesterday afternoon Mr. John W. Greer, the well-known carpenter, and another workman fell from a scaffold while working on a new barn in South Wayne.

Mr. Greer was seriously injured, sustaining a fracture and internal injuries. Owing to his advanced age the man's recovery will be retarded. Drs. Van-Buskirk and Porter attended him. Mr. Greer is now at his home, 36 Walnut street.

A BABY'S BATH.

Last evening Mrs. Daisy, living on Holman street, left a carriage containing her one-year-old child on the sidewalk while she went into the grocery of Moellering & Sons, on Lafayette street.

The carriage, baby and all rolled into a box of mortar standing alongside, precipitating the infant into the mess.

The little one was quickly rescued and taken to Moellering's drug store, where Dr. McCausland saved it from suffocation.

THE COMING RACES.

The Driving Association Hold Another Interesting Business Meeting.

The Fort Wayne Driving association held another meeting at the Wayne last night.

Willis B. Bash was elected treasurer, vice Emmet Powers, who was transferred to the executive committee.

Messrs. J. W. Bell, E. M. Powers and W. B. Bash were appointed a committee to fit up the fair ground buildings and race course and arrange everything in the best style for the summer meeting.

Dr. George W. Loag and George W. Ewing were named as a committee to receive contributions from citizens who will be benefitted by the race and naturally want to contribute toward the success of the venture.

THE TAX LEVY.

It Will Probably Be Raised—Committee Meeting To-Morrow.

City Assessor Reese has his books in shape now for a meeting to be held tomorrow morning, at 10 o'clock, by a committee and presided over by the mayor.

It is expected to raise the city tax from $1 to $1.15 on every $100 valuation and besides to increase the assessment some two million dollars.

The question of voting on an assessment of $50,000 at the request of the water works trustees and a provision for a $30,000 deficiency in the general fund will be discussed.

This committe will report to the council next Monday morning, when it will meet as a board of equalization.

DIVORCE DOCKET.

The Warm Weather and Marriage Failures.

Mary Krumlauf asks for legal separation from George Krumlauf. Inhuman treatment is alleged.

Mary Hurless asks to be divorced from Charles Hurless, alleging abandment and cruel treatment. The parties have not lived together for four years.

Both of the above complaints have been filed by Attorney P. B. Colerick.

Wilhelmina Witte, through her attorney, James E. Graham, asks for a divorce from Henry Witte. Abandment and drunkennes are changed.

Police Court.

John Fitzpatrick was arrested by Officer Richter on Chicago street, for drunkenness.

John Case was arrested by Officer Wahremburg on Creighton avenue. Case was in a state of intoxication.

Charles Thacker was arrested by Officer Richter on the same charge.

Officer Daseler arrested Edmund Shea and Edward Gilbreth for drunkenness.

The entire crowd went to jail.

Struck a Snag.

ST. LOUIS, July 11.—The steamer Crystal City struck a snag at the mouth of Saline river, sixty miles below here last night. The passengers were saved. Sixty head of cattle were gotten off in safety. The vessel had on board 3,000 sacks of wheat and a mixed cargo which will be almost a complete loss.

SULLIVAN "SCOOPED!"

The World's Champion Pugilist is Knocked Out by Mississippi's Governor and Placed in Jail.

NASHVILLE, Tenn., July 11.—John L. Sullivan was arrested here this morning upon a requisition from the governor of Mississippi. The pugilist is now in the city jail. Cleary, Johnson and Muldoon are also locked up.

THE SLUGGER RESISTS ARREST.

A big crowd was awaiting at the Louisville and Nashville depot on the arrival of the train that brought the Sullivan party, it having been rumored that the police would arrest Sullivan. When the train stopped in the depot several police officers entered the car and attempted to arrest the champion, who resisted, and made a motion as if to strike the officer.

Another officer pointed a pistol and Sullivan finally submitted.

Charlie Johnston also made some resistance, but an officer's club subdued him. Cleary called upon the bystanders for protection, but no assistance was rendered the pugilist and his friends. Sullivan and Johnston were the only ones placed under arrest.

Ex-Attorney General Washington has been retained by Sullivan and he will at once institute habeas corpus proceedings for the release of the men. It is claimed that the arrest is illegal and will not hold.

ANOTHER ACCOUNT.

NASHVILLE, Tenn., July 11.—John L. Sullivan and Charlie Johnson, the champion prize fighter and his backer, were arrested by Chief of Police Clack and several detectives, upon the arrival of the train in this city to-day. Both objected to being taken in custody and demanded that the chief of police should produce his warrant.

The chief replied: "Never mind the warrant, you must go along with me." Sullivan and his friends showed fight, and the officers drew their revolvers, the chief of police remarking to Sullivan that if he struck one of his men he would kill him. The two were at once taken in charge and conveyed to the police station, where they were soon in consultation with attorneys with a view of applying for a writ of habeas corpus.

The writ was issued and the case will probably come up this afternoon. The arrest was made by authority of a telegram from Governor Lowry, of Mississippi, who wired that he would pay $1,000 for their delivery to the sheriff of the county in which the recent fight took place.

No requisition has yet been received here from the governor of Mississippi, but as the governor was immediately notified it is likely one will be sent without delay.

Sullivan and Johnson are sore over their arrest and will make a bitter fight.

KILRAIN IS ALL RIGHT.

ST. LOUIS, Mo., July 11.—Jake Kilrain and party arrived in this city at 7:45 this morning, and left for the east at 8:45, via the Ohio and Mississippi railroad. None of the party left the sleeping car while in this city. Kilrain was in good spirits and said he was anxious for another go at Sullivan, but not in such a hot climate as Mississippi.

The request from Governor Lowry, of Mississippi, to arrest Kilrain on his arrival here, was received four hours too late. It was forwarded to Cincinnati and it is understood that the chief of police of that city will arrest Kilrain on his arrival there.

KILRAIN WILL BE ARRESTED.

COLUMBUS, O., July 11.—Governor Foraker to-day received a telegram from Governor Lowry, of Mississippi, asking him to have the chief of police at Cincinnati arrest Kilrain and his party, who were headed for that city, requisitions being on the way. Governor Foraker forwarded Lowry's telegram to Chief Deitsch and endorsed the request, also notifying Governor Lowry that his request had been complied with.

[The punishment for prize fighting in Mississippi is two years in the penitentiary. The law was passed after the Sullivan-Ryan fight.—EDITOR.]

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

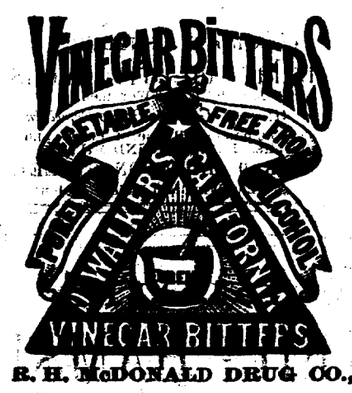

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health. Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THEY GO UP HIGHER.

Several Promotions Among the Clerical Force in the Pittsburg Shops.

The retirement of Mr. C. W. Howey as chief clerk in Master Car Builder Graham's office to accept the position of deputy under Postmaster Higgins has led to several promotions among the clerical force in the Pennsylvania company's shops in this city.

It is the custom of the company when a vacancy occurs in any position to fill it by some deserving man already in their employ. This was done in filling Mr. Howey's place, for Charles P. Cherry was taken from Shop Clerk Meegan's office and placed in the vacant position. Mr. Cherry is competent and deserving and his many friends will be glad to hear of his promotion.

James O'Connell, a pleasant and competent young gentleman, is promoted to fill the position in the shop clerk's office, formerly held by Mr. Cherry.

Frank Howey takes a position in Mr. Meegan's office and Tom Golden is made time keeper in the car shops.

Frank H. Sweringen, formerly of the car shops, has taken the position of clerk in the same department, made vacant by the transfer of Mr. Daseler to the clerkship in Foreman Fitzpatrick's department, which has already been noted in these columns.

Each of the young gentlemen are deserving of their promotions and will give the company good service.

Mr. Otto Herbst will assume the duties of his new position in the Hamilton bank next Monday. His successor, Mr. Chas. W. Howey, entered upon his duties as deputy postmaster this morning.

Employes of the Pennsylvania road at Johnstown and Conemaugh lost $100,000 in the flood, and the employes of the Pennsylvania lines east of Pittsburg have made up a purse of $20.000 for the sufferers. A movement is on foot to raise a like sum on the lines west of Pittsburg.

Mrs. McKinzie, of Ligonier, enjoyed the comforts of home life for several days in the cottage of her daughter, Mrs. A. C. Keel, of this city, on the banks of Sylvan Lake. Mr. Keel makes it a point to spend the Sabbath with his family there, returning to business each Monday morning.

Mr. Michael Owens, the barber employed at Mr. Norman C. Browand's tonsorial parlors, 192 Calhoun street, manipulated the razor with unusual vigor and dexterity to-day. Michael explained to his astonished associates that there were two more in the Owens family now to provide for and as a blush suffused either cheek said that they were twins—a boy and a girl.

District Road-Master Adams, of the Wabash, a gentleman well known to our citizens, has been promoted to the position of general road-master of the Wabash railway. His successor on the district between Tilton, Ill., and Andrews, is Pat Ward, of Huntington, one of the veteran Wabash railroad men, formerly road-master of the Cairo division of the Wabash, and recently in charge of the section east of Huntington.

Adjutant General Ruckle is issuing letters of instruction to the various militia companies throughout the state. The commanding officers are to put their commands in readiness to move on the first trains July 22. The men will not be allowed to bring citizens clothing into camp, and no uniform will be permitted to be worn except the regulation state uniform. The men while in camp and also on their way to and from their residences will be furnished transportation and subsistence and paid $1 for each day.

POSTOFFICE SALARIES.

They May Go Higher or Lower Under the Classification Act.

It is a matter of speculation to Postmaster Higgins and his men as to when the classification act passed by the last congress is to go into effect.

The bill was passed March 2, 1889, and was to have gone into effect July 1, 1889, but that date is past and no classification yet.

There is an appropriation of $300,000 to carry out the provisions of the act.

Postmaster Higgins thinks it will be another month before the law will be in force in the Fort Wayne office. The employes who will be installed previous to that time will be eager, because they will not know whether the salaries are going to be raised or lowered by the act.

It is quite likely that among other changes Deputy Postmaster Howey will receive $1,500, an increase of $200.

None of the clerks can be paid below the minimum, $600.

The act grades the clerks according to the character of work they perform. A maximum and minimum salary is fixed, and the intent of the law is to have a clerk in an office who does a certain kind of work receive the same pay as a clerk in any other office in the country who does the same sort and amount of work.

ON A SOLID FOUNDATION.

The Lloyds Plate Glass Company Now Owns Its Quarries.

The following is clipped from the New York *Evening Telegram*:

"The removal of Lloyd's Plate Glass Insurance company to the building recently purchased by that organization from John S. Kennedy for $100,000, is announced in another column. One by one the great insurance corporations are finding it convenient and profitable to own the buildings in which their business is conducted. It gives an air of permanency and prosperity as well as profit from the investment. The Lloyds is now considered one of the leading companies, being the largest in its line of any company in the world, and, as shown by the report of the insurance department for 1889, it does a larger plate glass insurance business in this state than all the other companies combined."

MISSOURI HEARTS COME HIGH.

ST. LOUIS, July 11.—Miss Laura M. Ashdown, a St. Louis society belle and niece of ex-Congressman Stone, has filed a breach of promise suit for $50,000 at Kansas City against E. F. Allen, son of a wealthy Kansas City man. Tuesday night Allen was married to Julia Riddle, daughter of ex-Congressman Riddle, of Tennessee.

An Indiana Embezzler.

LEBANON, Ind., July 11.—B. J. Millisa, of Madison, Ind., was arrested and brought to this city yesterday on an indictment, charging him with embezzlement. He is an employe of the New York Mutual Life Insurance company, and formerly worked for that company in this county. He gave bond for his appearance in court.

Building Wrecked.

ST. LOUIS, July 11.—This morning, while workmen were repairing the interior of the old postoffice and custom house building in this city, the floors gave way and fell to the ground. The inside of the building is a complete ruin. No one was injured. Loss about $5,000.

Absorbed by the Sugar Trust.

BROOKLYN, July 11.—Four breweries, owned by Messrs. Oches, Frease, Wilz and Zerwick & Seltz, have consolidated. The capital of the new corporation is $3,000,000. The company will purchase breweries on a plan somewhat similar to the English syndicate.

Ex-Policeman Jim Sheridan's career in the mail service was brief. He was sent out to learn a route in the Sixth ward yesterday afternoon and this morning he was informed that he could not be used.

BURKE'S CASE!

His Extradition Will Not be Granted Unless the Charge is Proved—Money For His Counsel.

OTTAWA, July 11.—An officer of the justice department said to your correspondent last evening that it was not the intention of the minister of justice to grant a warrant for the extradition of Burke unless the charge is already clearly proved. Sir John Thompson is very much opposed to grant a warrant for extradition upon purely circumstantial evidence. The application for a warrant in Burke's case will be considered in a few days as soon as copies of the evidence taken at the trial have been received.

WINNIPEG, Man., July 11.—Isaac Campbell, Burkes' counsel, was approached this morning by some Protestant and Catholic Irishmen, who promised to subscribe a small defense fund for Burke, if he would not abandon the case at present.

Mr. Campbell said he felt disinclined to throw up the sponge at this stage, but he could not afford to spend his own money in defending the prisoner. He will take a few days to consider whether or not he will enter an appeal against Burke's commitment for extradition.

TWO FIRES.

Chicago Visited by the Flames—Firemen Overcome by the Heat.

CHICAGO, July 11.—A fire in the top story of the Anglo-American provision company's warehouse, at the corner of Fortieth street and Packers avenue, shortly before 12 o'clock this morning caused a loss of about $25,000 to the firm. Several of the firemen were almost suffocated. Six were overcome by the smoke and it is not improbable that two of them will die. The victims are: Fire Marshal Turney, of Lake; Captain Elliott, of Lake; Lieutenant Kenny, of City engine company, No. 29, of Chicago; William Gormon and Isaac Simmons, city firemen and a pipeman, whose name could not be learned. Lieutenant Kenny and Captain Elliott are said to be in a very critical condition. When taken from the burning building they were unconscious. But for the prompt action of the other fireman the men who were overcome would have died in the building.

CHICAGO, July 11.—The long low building at the southeast corner of Canal and Polk streets, occupied by five different firms in the manufacture of parlor furniture, etc., was partially, and the stocks of the firms almost totally destroyed by fire last night. The total loss foots up $10,000. The principal losers are the Chicago Parlor Suit company, Adolph Hausske and Hogler Reese. The fire originated in the boiler room.

DESTROYING THE CROPS.

An Enemy to the Potato Crop Appears in Wisconsin.

PALMYRIA, Wis., July 11.—The "Green Midge" and what is thought to be the "Hessian Fly," which some thirty years ago destroyed everything in this vicinity, have this week appeared in myriads, destroying everything infested by them. Whole acres of potato vines are dead from the ravages, and farmers a few miles north of here are burning their grain fields. Thus far the cornfields escape. The present outlook is very discouraging and farmers are despondent.

FOREIGN NEWS.

The News of the Old World as Received by Cable.

CAIRO, July 10.—General Grenefell, who has arrived in Ashuan, reports that the Sheiks have expressed thorough loyalty to the Egyptians. The Egyptians have occupied Benisan, in which vicinity the Shaggieha, who are friendly, killed thirty Dervishes in an engagement at Serria and eleven Dervish foragers were killed by the Egyptian pickets.

A Defaulting Treasurer.

NEW ROCKFORD, Dak., July 11.—Joseph Bolock, for three years treasurer of Tomlinson school district, started for the Canada line yesterday afternoon, with the sheriff hot on his trail. Bolock was to have settled with his successor yesterday, and being short, drew from the bank what money there was to the credit of the school district and left.

KILLBOURNE CITY, Wis., July 10.—Gustave, John and Emil Plettig, of Chicago, were drowned yesterday morning, while trying to run the dam in a row boat.

CHEAP BOOKS ASSURED.

The Indiana School Book Company Secures a Contract After a Bitter Fight.

The Indiana School Book company was yesterday awarded the contract for school text books save alone the spellers and copy books.

After the contract for furnishing books had been let, the Hon. R. C. Ball, of this city, attorney for the Indiana company, stated that it would carry out its contract in the best of faith and would take no advantage of technicalities or legal quibbles. He asked that sixty days be allowed the completion of the bond. This morning the committee of the board, with Mr. Ball and Attorney General Michener, met to approve the form of contract and bond. This committee consisted of Governor Hovey, Superintendent LaFollette and Superintendent Jones.

Last evening Messrs. Parsons and Jones, the committee on geographies, met with Mr. Hawkins of the Indiana company. It was agreed that the Indiana chapters of the elementary and completed geographies shall be prepared by Mr. Jacob P. Dunn, the state librarian. These books will be furnished with a complete new map of the state and will contain, among others, illustrations of the main building of Purdue university, the state house, soldiers' monument, library building of the state university at Bloomington, the new normal school at Terre Haute and of a natural gas display in the "belt." In the map the gas and coal fields will be clearly defined and much valuable information concerning them will be printed.

This is the beginning of the end of the fight against the school book monopoly. Such men as Josephus Collett, D. J. Mackey, William Heilman, E. P. Huston, William Fleming, R. C. Bell, James Murdock, Edward Hawkins and Messrs. Bowen and Merrill are entirely reputable and responsible.

As an illustration of the saving to the people of Indiana by the action of the text book commissioners, it may be noted that the complete geography furnished by the Indiana company, and which the resolutions of the commissioners say is "fully equal in size and quality as to material, matter, style of binding and mechanical execution to the eclectic," will sell for 75 cents, while the eclectic, which it succeeds, sells for $1.65—a saving of 90 cents on each.

PETER RUDOLPH PICKEL.

The Young New Haven Poet Replies to the Charge of Plagiarism Made Against Him.

An editorial appeared in the *Daily News* the other day in which it was intimated that Mr. Peter Rudolph Pickel, the young New Haven poet, whose contributions have frequently appeared in the city papers, was guilty of plagiarism, in his recently published poems, entitled "No Cross, No Crown" and "Weary," and THE SENTINEL, in its issue last evening, gave publicity to the charges of the *News*.

Mr. Pickel called at this office to-day to deny the charges of plagarism made against him. He says the poem "No Cross, No Crown," was originally written by himself, and read by him on May 10, 1888, before the Methodist Ministerial conference, which was held at New York city. A medal was offered by that body for the best original poem. Mr. Pickel won the honor and now wears the handsome medal, which he exhibited this morning.

The poem was published two days afterwards in the New York *Mail and Express*, and afterwards appeared in several other papers.

The other poem, "Weary," Mr. Pinkel says, was written by himself four years ago, while he was in the employ of Mr. Thomas Hamilton, at New Haven, and was originally published in THE SENTINEL at the time. Both poems were copied by other papers, the latter production appearing in the Chicago papers on several occasions.

Mr. Pickel has the look of a poet, and is, without doubt, a talented young man. THE SENTINEL will publish one of his beautiful poetical contributions in its Saturday's issue.

Death of an Ex-Congressman.

ST. PAUL, Minn., July 11.—Edmund Rice, ex-congressman from the Fourth district of Minnesota, after an illness of a week's duration, died at White Bear this morning at 6:20 o'clock. He was seventy-one years old. Death was caused by paralysis of the brain.

The Weather.

WASHINGTON, July 11.—Indiana—Fair, slightly warmer, easterly winds.

STRIKING MINERS!

Exciting Times Among the Iron and Steel Workers in Pennsylvania—The Illinois Miners.

PITTSBURG, Pa., July 11.—Reports from Homestead are that the excitement is at fever heat among the strikers today, and that many acts of violence were committed this morning. On arrival of the 9 o'clock train from Pittsburg, it was surrounded by the sentries of the strikers. One car was filled with workmen bound for the Homstead mill. The men in the car became alarmed and tried to get off the train.

Both car doors were locked and they made a rush for the windows, and, although by this time the train was under headway, four of them climbed out. Over 2,000 of the strikers lined the tracks between Munhall and Homestead, and by yelling, encouraged those near the mill to prevent the strangers from entering the yard.

As the train neared the works the car in which the new men were confined was attacked by a volley of stones and clinkers thrown by the strikers. Windows were broken and several of the occupants of the car were hit about the heads.

One man received a terrible cut below his eye. When the car door was opened the terrorized occupants ran to the hill and escaped. One or two were caught and badly used up. Only three of the forty men in the car succeeded in reaching the mill.

Sheriff McCandless, who witnessed the proceedings, came to the city and will take a large force of deputies to the works this afternoon. It is reported at Homestead that a boat-load of workmen will reach that place this afternoon.

Wm. Martin, of the amalagated association of iron and steel workers, has established headquarters in Homestead and will take charge of directing the strike. He has sent committees north, east and west to warn all iron and steel workers to stay away from Homestead.

BRAIDWOOD, Ill., July 11.—About seventy-five miners in Godley, three miles southeast of here, have signed contracts with the coal company and will resume digging Monday morning. Twenty-five deputy sheriffs will be on duty to protect them if necessary. It is thought that many more men are also willing and anxious to resume mining at the prices offered at the beginning of the strike.

STREATOR, Ill., July 11.—A mass meeting of the Streator miners was held yesterday to consider a proposition for a secret ballot. It was voted down as before. It was reported that No. 2 shaft of the Chicago, Wilmington and Vermillion coal company, was about to begin work with machines at reduced prices. A committee of five was appointed to reason with the machine miners, but they strongly discountenanced any raid of the strikers on the shaft, and advised everybody to keep away from the grounds altogether. The committee from the Coal Run company's mines reported that the arbitration papers had been agreed upon and signed and that they were entirely satisfactory to both parties. The arbitration will be announced next Monday.

NO NINTH HUSBAND.

Married and Divorced Eight Times, She Refuses No. 9, and He Attacks Her With a Hatchet.

SHELBYVILLE, Ind., July 11.—Mrs. Mollie Corvin, whose matrimonial experiences have made her notorious, she having been married and divorced eight times, now lies at her home in this city dangerously wounded, her wounds having been inflicted at a late hour Tuesday night by Charles Suttles, because she refused to make him her ninth husband. Suttles has been a suitor for her hand for the past two years and she got a divorce from her seventh husband to marry him, but having a lovers' quarrel with Suttles she married another man. They afterwards made up and she secured another divorce and Suttles renewed his suit. Another quarrel arose between them and Suttles secured an entrance into her room Tuesday night and asked her to marry him. Upon her refusal he drew a hatchet from under his coat and cut three terrible gashes in her head, severing one ear from her head, chopping her right hand to pieces and sinking the blade in her right shoulder.

CHIEF JUSTICE FULLER.

He is in Chicago to Dispose of a Number of Law Cases.

CHICAGO, July 11.—Chief Justice Fuller arrived here yesterday afternoon and is stopping at the Palmer. Last evening the chief justice, in company with Erskine Phelps, attended the Thomas concert at the Exposition building.

The chief justice stated to a reporter that he was here to attend to the supreme court docket and try cases before that court and that he would likely remain several weeks. He will be in Judge Gresham's court room to-day to call the calendar of appeals in several bankrupt and other cases which have been prepared for his disposal.

THE UNEXPECTED COMES.

Mr. John Greer, a Carpenter, Badly Injured—Another Accident.

Yesterday afternoon Mr. John W. Greer, the well-known carpenter, and another workman fell from a scaffold while working on a new barn in South Wayne.

Mr. Greer was seriously injured, sustaining a fracture and internal injuries. Owing to his advanced age the man's recovery will be retarded. Drs. Van-Buskirk and Porter attended him. Mr. Greer is now at his home, 36 Walnut street.

A BABY'S BATH.

Last evening Mrs. Daisy, living on Holman street, left a carriage containing her one-year-old child on the sidewalk while she went into the grocery of Moellering & Sons, on Lafayette street.

The carriage, baby and all rolled into a box of mortar standing alongside, precipitating the infant into the mess.

The little one was quickly rescued and taken to Moellering's drug store, where Dr. McCausland saved it from suffocation.

THE COMING RACES.

The Driving Association Held Another Interesting Business Meeting.

The Fort Wayne Driving association held another meeting at the Wayne last night.

Willis B. Bash was elected treasurer, vice Emmet Powers, who was transferred to the executive committee.

Messrs. J. W. Bell, E. M. Powers and W. B. Bash were appointed a committee to fit up the fair ground buildings and race course and arrange everything in the best style for the summer meeting.

Dr. George W. Long and George W. Ewing were named as a committee to receive contributions from citizens who will be benefitted by the race and naturally want to contribute toward the success of the venture.

THE TAX LEVY.

It Will Probably Be Raised—Committee Meeting To-Morrow.

City Assessor Reese has his books in shape now for a meeting to be held tomorrow morning, at 10 o'clock, by a committee and presided over by the mayor.

It is expected to raise the city tax from $1 to $1.15 on every $100 valuation and besides to increase the assessment some two million dollars.

The question of voting on an assessment of $50,000 at the request of the water works trustees and a provision for a $30,000 deficiency in the general fund will be discussed.

This committe will report to the council next Monday morning, when it will meet as a board of equalization.

DIVORCE DOCKET.

The Warm Weather and Marriage Failures.

Mary Krumlauf asks for legal separation from George Krumlauf. Inhuman treatment is alleged.

Mary Hurless asks to be divorced from Charles Hurless, alleging abandonment and cruel treatment. The parties have not lived together for four years.

Both of the above complaints have been filed by Attorney P. B. Colerick.

Wilhelmina Witte, through her attorney, James E. Graham, asks for a divorce from Henry Witte. Abandonment and drunkenness are charged.

Police Court.

John Fitzpatrick was arrested by Officer Richter on Chicago street, for drunkenness.

John Case was arrested by Officer Wahrenburg on Creighton avenue. Case was in a state of intoxication.

Charles Thacker was arrested by Officer Richter on the same charge.

Officer Dasler arrested Edmund Shea and Edward Gilbreth for drunkenness.

The entire crowd went to jail.

Struck a Snag.

ST. LOUIS, July 11.—The steamer Crystal City struck a snag at the mouth of Saline river, sixty miles below here last night. The passengers were saved. Sixty head of cattle were gotten off in safety. The vessel had on board 3,000 sacks of wheat and a mixed cargo which will be almost a complete loss.

SULLIVAN "SCOOPED!"

The World's Champion Pugilist is Knocked Out by Mississippi's Governor and Placed in Jail.

NASHVILLE, Tenn., July 11.—John L. Sullivan was arrested here this morning upon a requisition from the governor of Mississippi. The pugilist is now in the city jail. Cleary, Johnson and Muldoon are also locked up.

THE SLUGGER RESISTS ARREST.

A big crowd was awaiting at the Louisville and Nashville depot on the arrival of the train that brought the Sullivan party, it having been rumored that the police would arrest Sullivan. When the train stopped in the depot several police officers entered the car and attempted to arrest the champion, who resisted, and made a motion as if to strike the officer.

Another officer pointed a pistol and Sullivan finally submitted.

Charlie Johnston also made some resistance, but an officer's club subdued him. Cleary called upon the bystanders for protection, but no assistance was rendered the pugilist and his friends. Sullivan and Johnston were the only ones placed under arrest.

Ex-Attorney General Washington has been retained by Sullivan and he will at once institute habeas corpus proceedings for the release of the men. It is claimed that the arrest is illegal and will not hold.

ANOTHER ACCOUNT.

NASHVILLE, Tenn., July 11.—John L. Sullivan and Charlie Johnson, the champion prize fighter and his backer, were arrested by Chief of Police Clack and several detectives, upon the arrival of the train in this city to-day. Both objected to being taken in custody and demanded that the chief of police should produce his warrant.

The chief replied: "Never mind the warrant, you must go along with me." Sullivan and his friends showed fight, and the officers drew their revolvers. The chief of police remarking to Sullivan that if he struck one of his men he would kill him. The two were at once taken in charge and conveyed to the police station, where they were soon in consultation with attorneys with a view of applying for a writ of habeas corpus.

The writ was issued and the case will probably come up this afternoon. The arrest was made by authority of a telegram from Governor Lowry, of Mississippi, who wired that he would pay $1,000 for their delivery to the sheriff of the county in which the recent fight took place.

No requisition has yet been received here from the governor of Mississippi, but as the governor was immediately notified it is likely one will be sent without delay.

Sullivan and Johnson are sore over their arrest and will make a bitter fight.

KILRAIN IN ALL RIGHT.

ST. LOUIS, Mo., July 11.—Jake Kilrain and party arrived in this city at 7:45 this morning, and left for the east at 8:45, via the Ohio and Mississippi railroad. None of the party left the sleeping car while in this city. Kilrain was in good spirits and said he was anxious for another go at Sullivan, but not in such a hot climate as Mississippi.

The request from Governor Lowry, of Mississippi, to arrest Kilrain on his arrival here, was received four hours too late. It was forwarded to Cincinnati and it is understood that the chief of police of that city will arrest Kilrain on his arrival there.

KILRAIN WILL BE ARRESTED.

COLUMBUS, O., July 11.—Governor Forsker to-day received a telegram from Governor Lowry, of Mississippi, asking him to have the chief of police at Cincinnati arrest Kilrain and his party, who were headed for that city, requisitions being on the way. Governor Forsker forwarded Lowry's telegram to Chief Deitsch and ondorsed the request, also notifying Governor Lowry that his request had been complied with.

[The punishment for prize fighting in Mississippi is two years in the penitentiary. The law was passed after the Sullivan-Ryan fight.—EDITOR.]

REPORT OF CHIEF OF POLICE AND CLERK.

I respectfully report that the electric lights were found 1,257 hours not burning during the month of June, 1889.

FRANK WILKINSON, Chief of Police.

I respectfully report that I have deducted from the electric light company's bill for the month of June 1889, $69.13, 1,257 hours at 5½ cents per hour.

W. W. ROCKHILL, City Clerk.

Referred to the committee on gas and street lights.

REPORT OF COMMITTEE ON SEWERS.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

1. We, your committee on public grounds and buildings, to whom was referred the communication of City Civil Engineer Brackenridge with power to act in regard to purchasing the drawing board of J S. Goshorn for $8.00, will report adverse. We have already ordered a new drawing board to be made for the city civil engineer's office, at the price of $6.50.

We have also bought a new chair for the city civil engineer's office, as the old one was taken out by Mr. Goshorn, which belonged to him.

2. In regard to the report of board of public improvements in regard to sprinkling Court and Clinton streets, which was referred to us with power to act, will make the following report: We have consulted the chief of the department in regard to the matter and he has told us that the fire department will sprinkle Court street themselves. And as the season is half over we report adverse to contracting any sprinkling on Clinton street for this season.

We your committee to whom was referred the petition of Councilman Cran asking for an electric light at the intersection of Creighton avenue and Calhoun street, would respectfully report that owing to the present embarassed condition of our finances in our judgment a light at this place can for the present be dispensed with. We therefore report adversely upon this petition.

REPORT OF SPECIAL COMMITTEE ON OPENING OF FOX STREET.

We, your special committee, to whom was referred the resolution for the opening and straightening of Fox street, respectfully recommend the adoption of the proper resolution calling out the city commissioners, believing as we do that said street should be opened as recommended and straightened by running in a straight line to its full width through lot 18, Fairfield's addition, instead of as at present fifty feet west thereof.

2. We recommend the adoption of the resolution of Councilman Cran for the vacation of the alley in the rear of Heldy sub-division of lots 1, 2 and 3 Maple's addition, upon the parties interested first depositing the amount of expenses with the clerk.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives as such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is diminished down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who try it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THEY GO UP HIGHER.

Several Promotions Among the Clerical Force in the Pittsburg Shops.

The retirement of Mr. C. W. Howey as chief clerk in Master Car Builder Graham's office to accept the position of deputy under Postmaster Higgins has led to several promotions among the clerical force in the Pennsylvania company's shops in this city.

It is the custom of the company when a vacancy occurs in any position to fill it by some deserving man already in their employ. This was done in filling Mr. Howey's place, for Charles P. Cherry was taken from Shop Clerk Meegan's office and placed in the vacant position. Mr. Cherry is competent and deserving and his many friends will be glad to hear of his promotion.

James O'Connell, a pleasant and competent young gentleman, is promoted to fill the position in the shop clerk's office, formerly held by Mr. Cherry.

Frank Howey takes a position in Mr. Meegan's office and Tom Golden is made time keeper in the car shops.

Frank H. Sweringen, formerly of the car shops, has taken the position of clerk in the same department, made vacant by the transfer of Mr. Daseler to the clerkship in Foreman Fitzpatrick's department, which has already been noted in these columns.

Each of the young gentlemen are deserving of their promotions and will give the company good service.

THE NEWS OF THE DAY.

There were two excursions this morning.

The Olds' works will pay off next week.

The Pittsburg pay car will be in the city next week.

The Nickel Plate is getting their tracks east of the city in good shape.

The Grand Rapids road is having a good travel to Rome City this season.

C. A. Lucas, a traveling freight agent, called on his friends in the city yesterday.

W. T. Wheeler, of the Missouri, Kansas and Texas road, was in the city yesterday.

The verdict in the Sherman Malcolm case was a surprise to many of the railroad men.

The Singing Society "Cintracht" went to Rome City this morning with 150 people.

G. W. Sherman, traveling passenger agent for the Union Pacific, was in the city yesterday.

The Olds' wheel works is now one of the busiest manufacturing establishments in the city.

The Methodist excursion to Warsaw this morning was a large one, over 250 people accompanying it.

The pay rolls of the Pennsylvania company shows that 1,200 of their employes call Indianapolis their home.

The rumor is revived that the Mackey syndicate are to build a direct line between Evansville and Indianapolis.

A number of the Nickel Plate officials went to Maxinkuckee yesterday in a special car. They will rusticate for a few days.

P. H. Ryan, a fireman on the Pittsburg road, is being congratulated over the arrival of a handsome boy baby at his home.

The freight cars on the Wabash system are now being re-lettered. They will soon appear as the property of the "Wabash railroad."

W. J. Marland, of the Jenney Electric Light company, has gone to Minneapolis, Minn., to accept a position with the Brush Electric Light company.

The retirement of C. R. Higgins and C. W. Howey from the railroad service has led to several promotions among the clerical force of the Pennsylvania company.

W. P. Foster, late traveling passenger agent of the Wisconsin Central in this territory, has been appointed traveling passenger agent of the Milwaukee & Northern road.

Vice President Hayes and Superintendent Stevens are this week inspecting the Wabash road proper. Its excellent physicial condition is said to be somewhat of a surprise to Mr. Hayes.

The examination of train and trackmen on the Chicago division of the Pennsylvania lines, for color-blindness is in progress this week. The employes are subjected to such an examination every two years.

The Baldwin locomotive works are to make large additions to their establishment. Last week the contract to erect two large buildings was awarded, which are to cost $70,000, and are to be completed by October 1.

The Nickel Plate company ought to put more passenger trains in service on their road. People living in the towns along the line of the road, both east and west, ought to have better facilities to visit Fort Wayne to do their trading.

P. H. Monks, who has occupied the position of traveling agent of the Blue and Canada Southern fast freight lines, has tendered his resignation, to take effect August 1. Mr. Monks will, at the expiration of his connection with these companies, embark in the grain commission business in Detroit.

The resignation of J. H. Sloan, as clerk at the Pittsburg machine shop, is regretted by his many friends in the city. Mr. Sloan has been with the Pennsylvania company for a number of years, and at his desk duties was always pleasant to those who had business of the company to transact with him. In leaving the city he has carried with him the earnest wish of all for his future success. Our reporter, who in his morning rounds met him every day, gives "Jim" the famous Rip-Van-Winkle send off "May you live long and prosper."

South Bend is securing its water supply from gravelly beds nearly 125 feet below the surface, having sixteen flowing wells, the supply of which is several million gallons daily, with no special effort. POSTOFFICE SALARIES.

They May Go Higher or Lower Under the Classification Act.

It is a matter of speculation to Postmaster Higgins and his men as to when the classification act passed by the last congress is to go into effect.

The bill was passed March 2, 1889, and was to have gone into effect July 1, 1889, but that date is past and no classification yet.

There is an appropriation of $300,000 to carry out the provisions of the act.

Postmaster Higgins thinks it will be another month before the law will be in force in the Fort Wayne office. The employes who will be installed previous to that time will be eager, because they will not know whether the salaries are going to be raised or lowered by the act.

It is quite likely that among other changes Deputy Postmaster Howey will receive $1,500, an increase of $200.

None of the clerks can be paid below the minimum, $600.

The act grades the clerks according to the character of work they perform. A maximum and minimum salary is fixed, and the intent of the law is to have a clerk in an office who does a certain kind of work receive the same pay as a clerk in any other office in the country who does the same sort and amount of work.

ON A SOLID FOUNDATION.

The Lloyds Plate Glass Company Now Owns Its Quarries.

The following is clipped from the New York *Evening Telegram*:

"The removal of Lloyd's Plate Glass Insurance company to the building recently purchased by that organization from John S. Kennedy for $100,000, is announced in another column. One by one the great insurance corporations are finding it convenient and profitable to own the buildings in which their business is conducted. It gives an air of permanency and prosperity as well as profit from the investment. The Lloyds is now considered one of the leading companies, being the largest in its line of any company in the world, and, as shown by the report of the insurance department for 1888, it does a larger plate glass insurance business in this state than all the other companies combined."
